MUR 7082

Mr. Jordan...

Crowdpac is in receipt (yesterday) of your notice concerning MUR 7082.

I write to request an extension of our time to respond.

While we feel Ms. Reed's complaints have no merit (in fact, she acknowledges finding press coverage of AO 2014-07, in which the FEC explicitly authorized the exact behavior about which she complains), we would like to more formally respond. Unfortunately, delays in receipt of our mail following a recent office move have the MUR arriving in our hands 22 days after it was mailed.

We should be able to respond more formally within a few days and would appreciate an extension so we can do so.

Thank you for your prompt attention to this matter.

Sincerely yours,

Jonathan Zucker, Esq.
